### **Workshops**

Workshop sessions will be organised simultaneously in five workshop rooms. Participants are asked to determine their preferred workshop by completing a short questionnaire found at the link <https://forms.office.com/e/BnryNUWHFD>. Completing the questionnaire does not guarantee, but significantly increases the likelihood of participation in the selected workshop. This is because the order of applications is decisive. The deadline for submitting applications for workshops (by filling out the questionnaire) is October 24.

The organizers ask all qualified participants to inform us in case they decide not to participate in our conference. Notifying us of this, will allow us to invite people from the reserve list.
